

Super Compact, Super Customisable

StonePC Mini

The StonePC Mini is a fully flexible, high performance desktop in a super-compact chassis. Available with a full range of 12th and 14th Generation Intel® Core™ Processors, up to 64GB RAM, and a huge selection of storage solutions, you can get amazing performance without compromising on space. Our StonePC Mini offers all the space-saving benefits of our StonePC Micro, whilst offering a wider range of customisability options.
