# DO MORE OF WHAT MATTERS WITH MODERN DESKTOPS.

Discover our latest Windows 11 desktop devices powered by Intel® Core™ Desktop Processors.

## UNLOCK THE POWER OF CREATIVITY AND COLLABORATION

Your students deserve more than one-size-fits-all technology, teachers and students alike need tools to address significant issues of equity in education. Our versatile devices won't break your budget, and they ship with our most user-friendly operating system

yet, Windows 11. But great devices are just the start. Accessible, inclusive software — built-in at no extra cost — gives students the tools they need to strengthen their skills and achieve their potential. And since learning now happens anywhere and everywhere,

our devices include local storage that allows everyone to keep learning with or without an internet connection.

All devices now available with up to **5 years warranty**

### Stonebook AIO ProEdge

# Active Backup Suite

Versatile and comprehensive backup solutions with intuitive software to safeguard business-critical workloads

## SA6400

Highly scalable storage ideal for growing businesses.

## DS3622xs+

Powerful and high-capacity storage that fits in any environment.

## HD6500

The ideal high-density storage solution for multi-petabyte storage.

### Fail-proof backup strategy

Consolidate and back up all your digital data into one platform and replicate your data off-site onto private servers as well as public clouds.

### Protect your data at all times

Prevent ransomware attacks and other threats, and quickly recover essential data to ensure business continuity.

### Security first

Protect backed up data against unauthorised access at every step of the process. While also leveraging intuitive tools to simplify data protection throughout.

## Active Backup Suite

Protect Microsoft 365, Google Workspace, Windows, macOS & Linux

- Unlimited backups, license-free
- Centralised administration and protection
- Advanced recovery options

### Schedule a consultation

For more information on how to get started with Active Backup, contact: [uk\\_sales@synology.com](mailto:uk_sales@synology.com)

### CyberTrack K1 Webcam

1080P HD USB Webcam with Adjustable Angle view  
from 80/90/100/110/120 degrees  
Built-in Dual Microphones, Privacy Audio/Video Switch

### Xtream P2 Headset

USB Wired Stereo Headset with  
Adjustable Noise-Canceling Microphone

### AUH-4050 Docking Station

Docking Station (TAA Compliant)

### Xtream S5

USB-Powered Sound Bar Speaker 5W x 2

**AKB-132UB**      **HC-3003US**  
Spill-Resistant Multimedia Desktop Keyboard (USB)      3 Button Desktop Optical Scroll Mouse

**ADP-300**  
Female USB-A to Male USB-C Adapter

**AUH-4060**  
12 in 1 USB-C Multiport Docking Station

# Your future classroom is closer than you think

Take your next step towards engaging and interactive lessons with the Promethean ActivPanel range

The ActivPanel range offers interactive flat panel displays suitable for schools seeking simplicity, flexibility and value – because we understand that it can be challenging to find the budget for a major front-of-class overhaul.

Through the ActivPanel LX and its complementary Android device, the OPS-A module, you'll benefit from:

- Easy access to the Google Play store
- Compatibility with your edtech ecosystem
- All the apps you know and love
- Futureproof connectivity

Don't let aging edtech hinder engagement and collaboration in your classroom.

Because upgrading is more accessible than you think.

**Discover the ActivPanel LX today**

Promethean offers a variety of accessories to complete your technology solution and help you use your ActivPanel to its full potential.

**Flexible  
computer  
options**

**Premium  
sound  
system**

**Powerful  
lesson  
delivery  
software**

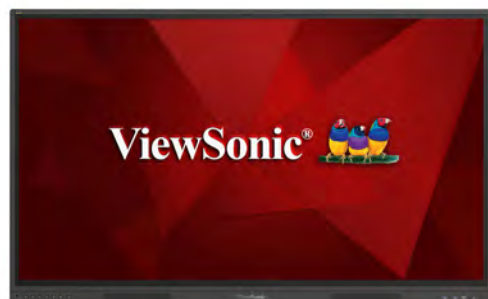

**Versatile  
stands  
and mounts**

# ViewBoard IFPG1 Interactive Displays

Secure, Flexible Digital Whiteboards

Available in 55", 65", 75" and 86", ViewBoard® IFPG1 interactive displays are a **secure, OS-free presentation solution** that empowers educators to create engaging lessons tailored to their classrooms' needs. Boasting EPEAT Silver and ENERGY STAR 8.0 certifications, this series also offers **improved energy-efficiency** for teaching and learning environments.

## OS-Free for Greater Security

By omitting a stock Android OS, the IFPG1 serves as a secure communications solution that significantly reduces the potential for digital vulnerabilities, malware exploits and other cyberattacks.

## Wi-Fi-Free Design

Hackers often enter networks via Wi-Fi networks. IFPG1 interactive displays can only connect to school services and cloud drives through a secure, wired connection, greatly reducing the risk of unauthorised access.

## Future-Proof Display

An OS-free design means IT admins never have to worry about their OS becoming outdated or subject to security defects. When it's time to upgrade, simply swap out your computing solution to enjoy your display for years to come.

## Connect Trusted Devices

When it's time to use the display, educators can easily connect their trusted devices directly to the display. Lessons have never been more simple, secure or intuitive.

## No More Data Leakage

IFPG1 interactive displays do not collect or store any information locally, making data breaches substantially less likely.

# HP education solutions

## Learning for everyone, everywhere

Committed to enable better learning outcomes for 100 million by 2025.

## HP Fortis for Education

Learning without boundaries

### Durability

Built tough and tested to higher standards - with 120,000 hours of total testing.

### Clean and sanitize

Chassis, keyboard and display can be sanitized with commonly used household wipes.<sup>17</sup>

### Collaborative learning

Students can be seen and heard clearly when video conferencing with other students.

### Connectivity

Learn from almost anywhere with 4G LTE connectivity.<sup>24</sup>

New model

#### HP ProBook Fortis 14" G9

Confidently learn anytime, anywhere with the rugged HP ProBook Fortis, featuring a large 14-inch diagonal display and optional 4G LTE connectivity.

New model

#### HP Pro x360 Fortis 11" G9

Ignite student creativity with the ruggedized HP Pro x360 Fortis, rechargeable HP Active Pen 3 garaged above the keyboard and optional 4G LTE so students never miss a moment.

New model

#### HP Pro x360 Fortis 11" G10

Ignite student creativity with the ruggedized HP Pro x360 Fortis and rechargeable HP Active Pen 3 garaged above the keyboard so students are always ready to learn.

New model

#### HP ProBook Fortis 14" G10

Confidently handle demanding STEM assignments with the rugged HP ProBook Fortis, featuring a large 14-inch diagonal display and new Intel Alder Lake-M Core i3/i5 processors.

## Carbon Footprint.

Working with [forestcarbon.co.uk](https://forestcarbon.co.uk) new devices purchased in conjunction with the Brighter Futures promotion will generate Carbon Credit investments.

## 92" ULTRA-WIDE INTERACTIVE 5K UHD DISPLAY WITH 21:9 PANORAMIC VIEW

The **TE9218UWI-B1AG** is a revolutionary 92" 5K UHD Interactive Touchscreen that brings a new level of collaboration and engagement to your workspace.

Boasting cutting-edge technology and a host of impressive features and functionalities, this interactive display is designed to transform the way you work, communicate, and share ideas. Whether it's for boardrooms, classrooms, or collaborative meeting spaces, this 92" 21:9 Ultra-Wide interactive touchscreen is the ultimate tool to foster creativity, productivity, and seamless communication.

## 5 REASONS WHY 92" ULTRA WIDE SCREENS ARE IDEAL FOR CLASSROOMS

### Side-by-Side Viewing for Multi-tasking

Allowing teachers to display different content simultaneously.

### Increased Content Display from Multiple Sources

The large screen offers ample space to show more content at once.

### Wireless Screen Casting for Seamless Sharing

Teachers and students can effortlessly share their devices' screens onto the display.

### Immersive Large Screen Size for Enhanced Focus

Ensures that all students, regardless of their seating positions, can clearly see the content.

### Ideal for Collaborative Learning and Group Work

Teachers can display information from different groups or highlight various tasks simultaneously, fostering collaboration.

## BETTER CHOICE, - CERTIFIED

The **iiyama XUB2463HSU-B1** Eco Display is an excellent choice for educational environments, offering a combination of environmental sustainability and energy efficiency, which are crucial for schools and institutions. Here's why the features like 100% recycled packaging, low power consumption, use of 85% post-consumer plastics, and its Energy Rating B and TCO certification make it a great fit for education

### Sustainable 100% Recycled Packaging

The iiyama 63 series Eco Display range comes in packaging made entirely from recycled materials.

### Low Power Consumption

Reduced electricity costs, making it more budget-friendly for schools, colleges, and universities.

### 85% Post-Consumer Plastics

Reduces the need for virgin plastic materials, which helps conserve natural resources.

### Energy Rating B

Ensures that all consumes less power, resulting in lower electricity usage over time.

### TCO Certification

Covering energy consumption, material usage, and the working conditions of the manufacturing process.

## AV SIGNAGE

The **iiyama LH60** screens, combined with the **iiSignage 2 CMS (Content Management System)** and **DMS (Digital Signage Management System)** platform, offer a powerful and flexible solution for educational institutions, making them ideal for enhancing communication, engagement, and content delivery. Here's why this setup works particularly well in education

### Effective Digital Signage for Campus Communication

With real-time content updates, it's easy to keep students, faculty, and staff informed across different areas of the campus.

### Catering to Specific Areas and Audience Needs

ensures that relevant content is delivered to the right audience at the right time.

**Student Announcements and Information**  
Highlight student announcements upcoming exams, extracurricular activities, student achievements, or deadlines.

**Displaying News and Educational Content**  
Display news updates, educational content, or even live feeds from external sources.

### User-Friendly Management with iiSignage 2 and DMS Platform

Allows non-technical staff to upload and schedule content, ensuring that digital signage is always current.

# Choose Micron

Two brands dedicated to memory and storage,  
committed to empowering partners.

## Server DRAM

- Micron DRAM is rigorously tested, high-performance memory
- Available in NVDIMM, RDIMM, and LRDIMM
- Best for data centers, AI and ML, cloud, hybrid cloud, edge gateway servers, and high-performance computing applications

## Data center SSDs

- Micron SSDs are built for performance, efficiency, and low latency
- Available in SATA and PCIe® NVMe™
- Best for big data, OLTP, virtualization and VDI, cloud storage, artificial intelligence (AI)/machine learning (ML)/deep learning (DL) training and caching

## Consumer DRAM & SSDs

Crucial Pro Series products offer performance-first engineering for enthusiasts, gamers, creative professionals and those using AI apps.

### Crucial DDR4 and DDR5 Pro DRAM

- Boost in-game FPS
- Multitask with multiple browser tabs open
- Game, stream, edit and run apps without system lag
- Available in UDIMM and SODIMM

### Crucial Pro Series NVMe™ SSDs

- Built with Micron TLC NAND
- For high-performance and ultimate gaming
- For UHD, 8K+ photo and video editing
- For heavy workload and AI apps and large data sets
- Available in Gen4 and Gen5 options and capacities up to 4TB

### Crucial Pro Series external SSDs

- For photo and video editing directly from the drive
- Palm-sized portability and durability
- Password protection and encryption capable to keep data safe
- Plug-and-play with USB connection
- Available in capacities up to 4TB

# TravelMate Spin B3

Take advantage of more interactive learning activities with the TravelMate Spin B3's high performing, ultra-durable design. Featuring a long battery life, mechanically anchored keys, and a bevy of optional features such as a 5 Megapixel HDR world-facing camera, an antimicrobial finish, a Full HD webcam, and a dockable Wacom AES pen, the TravelMate Spin B3 is fully customizable to empower students to get even more out of their classes, be they remote or in person.

## Efficient Performance

Get work and tasks done faster than other current on-the-market Windows® laptops designed for education. The latest Intel® processor combines low power consumption and high performance for a reliable classroom-based solution.

## Certified Durability

The Military Standard (MIL-STD 810H2) certified impact-resistant design withstands up to 60kg of downward force in addition to increased resistance from daily wear and tear. The shock absorbent bumper and unique drainage design further protects components from moderate falls and amounts of liquid.

## Acer TravelMate TMB311RN-33
